

NEWS IN BRIEF

“Woman, 89, trapped on hospital ward”

It was sad to see the recent news story whereby a woman aged 89 was according to her family trapped in Hospital for over 6 months. The lady was suffering from Dementia and the authorities said they encountered problems seeking accommodation and apologised for the delay.

There may or may not be good reasons for such unfortunate events happening. It is a timely reminder that we all have to think carefully how we can protect our family and have the legal ability to speak on their behalf.
